

January 16, 2012

Dear Ms. Brazil and Ms. Thistle-Lane

To say that we, the Child Life Department, are pleased with the Maverick Motivators accomplishment in their fundraising efforts this year would be an understatement.

The Mavericks truly did motivate all the Students of St. Kevin's High School to rise to the challenge and raise enough funds to purchase the game systems and games, which will provide countless hours of divisional play for so many sick children.

It was wonderful that so many of the students were able to visit the Janeway and see where their gifts were going and to meet some of the patients who would be using the games.

It is heartwarming to know that there are so many teens in our community who are so willing to give of their time and talents to help other children.

You must both be so proud of your students. We know from experience how wonderful it is to work with teenagers and how much wealth and wisdom they have to give if only they are given the chance.

Sometime in the near future we will replace our old games on the Audio visual carts with the new systems from your students.

We will place a plaque on the game systems stating that they were donated by the students of St. Kevin's High School. Goulds NL.

Please thank your students for thinking of our Janeway patients and their families at Christmas.

Have a Safe and health New Year  
Janeway Child life Department
